

Entrepreneur In Residence: Eric Crawley

MEET ERIC!

He'll be here to talk about how to take to your idea to market, how to get venture capital funding, licensing, what to do if you want to work in the start-up environment, etc.

Eric Crawley is a recent immigrant to Amherst from eastern Massachusetts where he worked as a Software Engineer, Manager, Engineering Director, and VP of Engineering for a number years.

He holds a Bachelor's degree in Systems Science and a Master's degree in Engineering Management.

He has worked for Rockwell International, Wang Laboratories, Symbolics, Ford Motor Company, Wellfleet Communications, Bay Networks, Juniper Networks, Funk Software, BigBand Networks, and Akamai Technologies as well as a few startups.

He currently is working as an independent consultant and is involved as a mentor at UMass and with Valley Venture Mentors.

Experiential Learning Center, Marston 114
