

# Landing A Government Job

**Cher Nicholas:** *(IE PhD Candidate)*  
*Worked for the Federal Aviation Administration (FAA) for 6 years in Flight Standards Organization*

## Exploring engineering careers with the U.S. Government

- The U.S. Government hires engineers of all disciplines.
- These positions are rewarding and provide a good salary.
- Applying for these positions is different than applying for industry positions.
- Cher will discuss the U.S. Government job web portal and the job application process.

Thursday, March 31, 5:30 p.m.  
Gunness Student Center in Marcus Hall
