

Career Fairs

Companies seeking to hire engineering students can participate in a variety of career fairs throughout the year. These events provide excellent opportunities for employers to connect with our students for internship, co-op, and fulltime positions. UMass students are welcomed to attend any career fair related to their area of interest and will have access to the list of employers attending.

Registration for most of our career fairs are through UMass Handshake and links are provided below. If you do not have an account in Handshake, you can create an account using this link:
