Cool Fellowships & Entrepreneurial Programs

PennApps Fellows

A 10-week summer internship program (paid) that pairs talented students from across the world to top Philadelphia tech companies & startups. Other benefits include free housing for the entire summer, networking and social events, and more. Application deadline: Feb. 1st.

KPCB Design & Product Fellows

Over the course of a summer, KPCB Design Fellows join a Kleiner Perkins portfolio company, where they develop their design skills and are mentored by an executive within the company. Participants in the new Product Fellows program will get the chance to spend a full year working at a Silicon Valley startup. The deadline for submissions is Jan. 31st.

Summer@Highland

For student entrepreneurs working on a startup (and their teams), Highland Capital Partners is offering up to $30K in cash, free office space for the summer (Cambridge, MA or Silicon Valley), and access to seasoned mentors. Application deadline: Mar. 19th.

ThinkB1G Resources to Leverage

Telephonic Office Hours

Recognizing that many of you may be in areas we're not visiting over the next couple of months, we're allocating 20 openings to hold office hours over the phone. These informal conversations can be taken wherever is most helpful to you: your background & interests, openings at startups, feedback on your resume, etc. To request a 15-minute slot, visit this link.

[ThinkB1G Student Section](#)

We've enhanced the Students section of our website to provide you a centralized collection of our presentations, podcasts, videos, and other advice that we've made available.
