MVC Summer Transportation Intern  
Martha’s Vineyard Commission  
Intern for summer 2015

TRANSPORTATION INTERN  
The intern will assist the transportation planner with a variety of daily data collection, analysis tasks, possible surveys and inventories related to island-wide transportation. The variety of MVC transportation planning efforts includes ongoing traffic counting, inputting and analyzing data, improvements to the historical traffic count database, roadway inventory updates/measurements, surveys of infrastructure conditions, parking supply and usage, and/or passenger data gathering. The intern’s time will be split between the field and the office. The applicant must be willing to do some light physical work, and be motivated to work independently. Students or recent graduates in the fields of Landscape Architecture, Transportation Planning or Engineering are preferred. Experience with Microsoft Office and Excel, and attention to detail are required. Intern must have a car & housing (these are not provided).

This position pays $14.00 per hour for a 37.5-hour work week and begins on or about June 15, 2015. To apply, please submit resume to: Curt Schroeder, Administrator, Martha’s Vineyard Commission, PO Box 1447, Oak Bluffs, MA 02557 or e-mail resumes to schroeder@mvcommission.org.
