**Vertex Pharmaceuticals**

**Intern Various Positions**

Applications for this position will be accepted between 4/11/13 and 9/17/13.

**Location:**
Cambridge, Massachusetts
Boston, Massachusetts

**Industry:**
Biotechnology

**Job Function:**

**Program Overview**

- Vertex has internship opportunities for students pursuing undergraduate degrees as well as advanced degrees
- Assignments are 10-12 weeks in duration
- Interns are designated to a specific project, manager and mentor for the duration of the program
- Projects are developed by each Intern Manager and are designed to offer hands-on experiential learning opportunities that benefit both the intern and Vertex
- Interns participate in training programs, networking events and Vertex-sponsored activities
- Interns work on a summer poster project outside of their normal work profile. The project is completed individually and presented to executive management at the conclusion of the program
- Intern will be assigned a manager and a mentor to help guide them through the intern program

**Eligibility**

In order to be eligible for an internship at Vertex:

- You should be currently enrolled in a college or university program working towards an undergraduate or advanced degree
- If you’re a high school student graduating as a senior and have been accepted to an degree program, you are eligible
- If you’re a Ph.D candidate, you can qualify based on the current status of your research
- If you are a student graduating in the Spring, and not actively accepted into a advanced program, you are NOT eligible for a Vertex internship
- The degree you’re pursuing should be relevant to the internship for which you are applying
- You must have a minimum of a 3.2/4.0 GPA (B average) 4.2/5.0 scale
- You should be able to demonstrate the Vertex Core Values
- It is preferable if you are involved in extracurricular activities
- You must be able to work on-site at the Vertex location of the internship
- You must be legally eligible to work in the United States
